

NOTICE OF EXEMPTION

PROJECT TITLE	2016 Red Bank Fire Station Concrete/Curb Replacement Project		
PROJECT LOCATION	State (CAL FIRE) owned site Fire Station (FS) is located at the intersection of Red Bank Rd and Ridge Rd, approximately twelve miles west of Red Bluff, CA. The physical street address: 15905 Red Bank Rd Red Bluff, Ca 96080. The legal description of the project site is Section 17, Township 26 N, Range 5 W, MDBM	COUNTY	Tehama
LEAD AGENCY	California Department of Forestry and Fire Protection (CAL FIRE)		
CONTACT	Dawn Pedersen, Unit Forester, Tehama-Glenn Unit	PHONE	
ADDRESS	604 Antelope Blvd. Red Bluff, CA 96080		(530) 528-5106

Project Description

Red Bank Fire Station formally known as the Montgomery Fire Control Station was constructed circa 1964. It occupies approximately two acres on flat topography. The elevation is 537 feet. Vegetation surrounding the property is open oak woodland. The station is included in the Departments Survey and Historic Significance Evaluation of CAL FIRE Building Inventory¹. That report does not highlight this station as being a resource with historical significance. The project as proposed is to remove and replace an existing section of concrete that is approximately 56'x17'. The concrete slab has deteriorated and become a safety hazard. Also included in the project are the removal and replacement of two sections of parking lot curbs that total approximately 45 feet in length. The curbs are cracked and have lost their integrity. The excavation of the site is limited to the existing footprint of the curbs and concrete slab. No new ground disturbing activities are proposed. The cement removal is expected to take 2-4 days and it is estimated that it would take the same timeframe to pour new slab and curbs. Work will be done with an electric jack hammer, hand tools and cement mixer. Removed concrete and curbing will be taken to an approved dump site. Work is planned to begin in mid-May and be completed by June 1.

EXEMPTION STATUS

- ☒ Categorical Exemption Type/Section: Class 1 §15301 (c) and (d) Existing Facilities
☐ Statutory Exemption (state code section):
☐ Ministerial (§21080(b)(1); 15268)
☐ Declared Emergency (§21080(b)(3); 15269(a))
☐ Emergency Project (§21080(b)(4); 15269(b)(c))

Reasons Project is Exempt:

Public Resources Code, Division 13, Chapter 6, Article 19, Section 15301 allows repair and maintenance or minor alteration to existing public or private structures, facilities, mechanical equipment or topographical features, involving negligible or no expansion beyond that existing at the time of the lead agency's determination. Documentation on the environmental review completed by CAL FIRE is kept on file at CAL FIRE's Tehama-Glenn Unit Headquarters. This project as proposed is not expected to result in a significant impact on the environment.
